

Career Snapshot

[First name] [Last initial]. · IT pathway · Week 8

How to use this: replace every gray [bracket] with your own words and delete the brackets. Use only the sources on the Career Lookup List. The worked example page shows how much detail each row needs.

This goes on your public portfolio Friday. First name and last initial only.

Career 1

Career the job title people use	[Career 1 name] · Official occupation: [name from O*NET], [code] real estate agent
What they actually do two sentences, your words	[What does a normal day look like? Use O*NET Tasks.] they help people buy,sell and rent properties and show properties, communicate with clients and help you with paperwork
